

## **Raising a child with Autism or an Intellectual or Developmental Disability (IDD)?**

**Is attending Sunday Mass something you  
would like to do as a family...but don't?**

The Archdiocese of Newark is assessing how many families living with autism and IDD are unable to worship together.

The *Attends Mass* program provides families with the skills, support, and success to participate in the liturgy of their faith community.

**We want to hear from you! Please share your experience and need in a survey: [www.rcan.org/attends-mass-survey](http://www.rcan.org/attends-mass-survey)**

This will help us seek program funding, if need and interest are demonstrated.

While this survey is distributed by and for members of the Roman Catholic Archdiocese of Newark, we would love to hear from individuals of all faith affiliations and will share the results from families who are not Catholic with leaders of their faith communities.
